STATION THIEVES VISIT HERE; THEIR HAUL TWENTY-FIVE CENTS

Burglars Who Are Believed to be Working Down Valley go Through Window

SLOT BOXES ARE OPENED

Weighing Machine and Telephone Box Broken Open—Then Robbers, Evidently Disgusted Leave—Burglary Follows up Others of the Same Kind

Working in the same way that has characterized their robberies at other points, burglars entered the Charleroi passenger station some time during the night. For all their trouble and danger of detection they got no more than 25 cents, owing to the fact that the money from the slot weighing machine and the telephone booth had been removed early in the evening.

Entrance to the station was made through a rear window leading to the women's waiting room. The glass was cracked just above the lock and the lock turned. so the window could be hoisted.

A metal plate of the money chamber of the slot weighing machine just inside the station was broken and the four or five pennies taken from the box. Disgusted evidently at their failure the burglars next turned their attention to the telephone booth, breaking the coin box there. Convinced then that the Charleroi station had nothing for them they left by a door, which they left open. The cup box for the water spigot in the main waiting room was untouched.

The thieves appear to be working down the valley. Tuesday night they operated at California where they broke open the station. Their haul was small. Monday night the West Brownsville station was entered. During previous weeks similar robberies have occurred at Fayette City, Webster, Connellsville and various other points through western Pennsylvania.

WILL SPREAD GRAVEL TO MAKE BRIDGE TRAVEL ENTIRELY SAFE

Commissioners Take Action at Conference Wednesday Regarding Belle Vernon River Bridge.

Gravel will be spread on the Belle Vernon river bridge at the order of the county commissioners of Washington and Fayette, extended at a meeting held on the bridge Wednesday. Commissioners John O. Watson and A. P. Barnum were present from this county and Commissioners Rush and Charles Nutt from Fayette.

During bad weather the Belle Vernon bridge becomes slippery and unsafe for vehicle travel. It was to correct this difficulty that the commissioners met.

ENTHUSIASM IN EQUAL SUFFRAGE

Formation of Permanent Organization in Charleroi is Considered

CONFERENCE IS IMPORTANT

Enthusiasm of woman suffrage workers of Washington county was aroused at the closing of the day's conference held in Charleroi Wednesday in the Savings and Trust company hall. The afternoon session was one of the most important in that it had to do largely with the formation of a permanent organization in Charleroi.

Upon the afternoon session being opened by Mrs. Edwin Linton of Washington, vice president of the state association, Mrs. Ernest Waltz of Washington gave a monalogue descriptive of suffrage conditions that took well.

Mrs. Linton called attention to a suffrage map, showing what Washington county did at the last election She made a plea for a permanent association in Charleroi, She introduced Mrs. Miller as the chief speaker of the day. Mrs. Miller spoke of the impetus given suffrage work the last few months, and then presented arguments in favor of equal suffrage. She said man could no more represent a woman than a woman could a man, and that the indirect method was unwise. She thought man and woman should help each other and work that the state might obtain better and broader interests. Subscriptions to help in carrying on the suffrage work were taken. $76 being raised.

Sixth Street Wins.

The Sixth Street Babes defeated the Seventh Street All Stars at football Wednesday by a score of 27 to 12.

SCHOOL FOR ADULTS TO BE OPENED HERE

Mechanical Drawing, Business Studies and Domestic Science to be Taught Evenings—School for Adult Aliens to be Started Soon

A school for adults over 16 years of age who desire to improve themselves in mechanical drawing, shorthand and typewriting, bookkeeping and penmanship or domestic science will be opened by the Charleroi schools next week if plans carry as outlined by the education committee at a meeting Wednesday evening. Next Tuesday night will be the beginning if a sufficient number express their willingness to take up the work.

The school will be conducted two hours each Tuesday, and Thursday evening at the high school building, 7:30 to 9:30, for a period of 20 week. The following teachers have been assigned to the work: Mechanical drawing, G. Frank Malick; shorthand and typewriting, Miss Zella Franks; bookkeeping and penmanship, C. E. Preshe; domestic science, Miss Caroline Bowman.

It will take 15 pupils in each department for that department to start and the number admitted will be limited. A registration fee will be charged of $5 for the 20 weeks. No age limit will be placed, except that pupils must be above 16. The school will in no sense be a continuation school.

The education committee, which consists of W. D. Pollock, Dr. T. M. Faddis and H. J. Booth, also arranged for the start of the school for adult foreigners next Tuesday. Miss Etta M. Work will have charge of the school, which will be conducted Tuesdays and Thursday evenings from 7:30 to 9:30. This is to prepare aliens for citizenship examinations. Practically the same provisions as those last year will govern the operation of the school. A deposit of $2 will be required from each for text books, but this will be returned when the text books are handed in. Many inquiries have been made by foreigners concerning the opening of this school.

DEVELOPMENTS IN MILK SITUATIONS ARE SLOW

Some of Opinion That County Dairymen Selling to Pittsburg Will Get Price They Asked in First Place—Court Inquiry They Say.

Developments in the milk situation in Pittsburg, especially as regards the members of the Tri-State Dairymen's association in this county who recently asked for higher pay, have been slow. Those in touch with the situation, however, say that it will be but a short time until the dealers in Pittsburg will accede to the demands made upon them.

At the meeting a couple of weeks ago counter proposals were made by the distributors, it is said, yielding the producers within a half a cent of the price they asked. They held out, however, for the full price. The small dealers will be the first to surrender completely, it is understood since they never argue long with the shippers.

R. M. Donaldson, secretary of the Tri-State organization, in a statement to the Pittsburg papers, stated that the milk producers would court an inquiry into the high cost of milk in this end of the state. They claim that while the price has gone up steadily they have been getting little benefit. The price of labor, feed, sanitary safeguards and other dairy necessities have gone up. but their returns have not kept pace.

CAMPAIGN PARTY EXPECTED TO REACH CHARLEROI AT 5 O'CLOCK

Will Visit West Brownsville, California and Allenport Today

CLOSE WEEK'S WORK HERE

Next Week's Schedule Being Made Out—Dr. Temple and E. F. Merrill Address Crowds at Various Points Along Wednesday Route.

Coming down the river the party of Republican campaigners will arrive here tonight about 5 o'clock ready for the big rally that will be held at 8 in the Coyle theatre. An informal reception will precede the rally. for which the speakers will be Congressman Henry W. Temple and E. F. Merrill, with others. A number of candidates and politicians are expected from Washington and other points to attend the rally.

Today will be the last day this week of the county tour. Schedules for next week are being made out. The party left Washington about noon today to visit West Brownsville, California, Roscoe and Allenport.

The party Wednesday took a trip to Eighty-Four, Marianna, Ellsworth, Bentleyville. Centerville and Fredericktown, closing the day's work with a smoker at the latter place. Both Dr. Temple and Mr. Merrill reviewed the G. O. P. principles.

One of the pleasing features preceding the rally here tonight will be that of a band concert which will be given on the street in front of the Coyle theatre and at various other selected points.

AT PRINCETON

The material victory of Gov. Hughes over President Wilson in a poll of Princeton University has led one of the dons there to make another poll to ascertain the cause of Mr. Wilson's repudiation. His figures show that those who have left Wilson to support Hughes explain their reasons as follows: Mexico 35 per cent; other foreign relations, 15 per cent; unpreparedness, 10 per cent; Clayton Act, civil service raids, Adamson law, Col. House, et al., violation second term plank, tariff and shipping acts, waste of public moneys and rhetoric (notes and words) 5 per cent each.

Perhaps the most surprising feature of these reasons is the small number who have deserted Wilson because of the Underwood tariff. An explanation of that is doubtless to be found, however, in the fact that the men at Princeton are rarely wage-workers or business men and that they have not experienced or have forgotten the business depression produced by that bill before the European war created an abnormal temporary protection of American industries.

PROGRESSIVE.

The kind of woman suffrage enthusiast the American likes to see is the American kind. Earnest, carrying convictions by weight of argument, dignified, hopeful, she is likelier to gain what she rightfully regards as her own quicker than the tearing hit-or-miss-but-surely-destroy plan of her cousin across the sea.

American women who believe in the vote believe that the way to get it is by conservative methods. They believe that greatly needed reforms of wrongs can be instituted if they help, and they want to try. They want representation where they have taxation, and so are seeking the ballot. They are fighting but their weapons are not weapons of war. They are instead the weapons of logic and common sense, and with these they are bound to accomplish something very definite.

NEW INDUSTRY

A new industry that will give employment steadily to about 500 men will be opened in the Charleroi vicinity within the next year, if conditions are auspicious. This will be a new coal mine the Warner-Leonard Coal company proposes to operate from their new tract of 264 acres in Fallowfield township.

Charleroi will be the feeder for this new industry and will profit naturally by it. The coal will go through here to the eastern markets to which it is consigned. The industry is one of considerable promise and the announcement of its coming is bound to be hailed with glee.

DOUGLAS BUSINESS COLLEGE INCORPORATED AT HARRISBURG

Among the papers of incorporation signed by Governor Brumbaugh at Harrisburg Wednesday was one incorporating the Douglas Business College, of McKeesport. Incorporators were Ada E. Adams is the superintendent of the various schools.

GLASS FACTORY STARTS AT WEST BROWNSVILLE

Over 400 men are now working in the Brownsville Window Glass factory. The men started midnight Tuesday and are working in three shifts. Much trouble has been encountered by the men having families, securing quarters. The factory will be running on full capacity before the end of the week, according to advices received from Manager W. S. Phillips. Many orders are coming to the plant, which will require steady running to fill and ship by dates expected.

OLD BROWNSVILLE RUIN IS DESTROYED BY FIRE

Fire of unknown origin [illegible] destroyed the old Brownsville [illegible] [illegible] 15 feet in the rear of the [illegible] theatre at Brownsville Wednesday and for a time threatened to spread to the theatre and [illegible] buildings. Quick and efficient [illegible] the part of the [illegible] and [illegible] Brownsville fire departments, however, confined the flames to the [illegible] structure. The old structure [illegible] which in the past has been [illegible] as a skating rink and basket ball hall, has of late been used occasionally for Slavish dances. There is no clue as to how the blaze originated. The loss is between $1,500 and $2,000, covered by insurance. F. E. Markell of Connellsville, was the owner.

Cook Gets in Wrong.

A case of where the cook got into [illegible] was brought to the attention of Justice of the Peace E. E. Rice this morning when Harry Parker brought suit against Thomas Walker, charging the latter with having threatened to shoot him. Parker is a colored cook who does duty for southern negroes employed by the Pittsburg Plate Glass company here and Walker is one of the men in the party.

GEORGE WASHINGTON BLOWN DOWN BY WIND; REPAIRS NECESSARY

Some temporary repairs have been made the past day or two about the [illegible] statue of George Washington that graces the top dome of the court house at Washington. Lightning a number of weeks ago decapitated George. Any damage done comes within the provisions of the insurance policies held by the county on the county buildings. However adjustments have not yet been reached with all the many companies that hold policies.

The temporary repairs made were simply closing up the hole at the top of the statue, and otherwise putting in cement to keep water from leaking down through the dome. Considerable red tape has had to be gone through to get the insurance claimed. Monday Chief Clerk Campbell made some 88 separate affidavits, covering that many policies, as to the insurance due. It will take at least $4,000 to replace the statue with a new one, and to pay for the other repairs made of the damage done at the same time the head was shattered. Clarence Seybold found it almost too windy to work on top of the statue. His work, the past day or two, as he sat directly on top of the statue, has been watched with interest.

HEALTH AGAIN HAD SUFFERED FOR 10 YEARS

Kinter Relieved of Serious Stomach Trouble, Due to Typhoid Fever

That Tanlac is an unusual body invigorant and repairer of the ravages of diseases is indicated by the experience of A. A. Kinter, a switchman on the New York Central Railroad, who resides at 517 Cascade St., Erie, Pa.

Mr. Kinter has had a remarkable restoration to complete health, after ten years of illness. He said:

"I had typhoid fever ten years ago which left my stomach in very bad condition. I had terribly severe spells periodically, when I could not keep anything I ate on my stomach.

"When I was having these spells, I would be awakened from my sleep by terrible chocking spells and it seemed like my chest would burst and my heart would stop. I would be afraid I was going to die before daylight.

"I took all kinds of remedies, but they did me no good.

"Finally, I saw Tanlac advertised. I bought a bottle. After the first few doses, its effect on me was almost marvelous.

My stomach trouble began to disappear, my appetite improved and I was able to eat a big meal and digest it.

"After I had taken three bottles my health was remarkably improved. Now I can eat whatever I please, I sleep sound as a dollar all night long, and all the bad effects of the typhoid fever are gone."

Tanlac is now sold in Charleroi exclusively by Piper's Pharmacy where the premier preparation can now be had.

CLAIM THAT EAR DRUM WAS RUPTURED IN SUIT AGAINST PRACTICIONER

Alice A. Atkins and her husband I. N. Atkins, of Monongahela, have filed a suit for $1,500 damages against J. E. H. Long, who has been engaged in the practice of medicine in Washington, Westmoreland and [illegible] counties. The suit is based on alleged malpractice. It is averred that the defendant held himself out to the public as a careful, skilful and learned physician and surgeon. On September 27, 1916, at Monongahela, it is further set out, Mrs. Atkins submitted herself to the defendant for examination and treatment. She avers that the defendant so carelessly and unskillfully inserted an instrument in her ear that the drum was ruptured. The injury was such that the plaintiff fainted. She avers that as a result she also lost the hearing of that ear; also that she has suffered excruciating pain.

FRESH FASHIONS IN SILK DRESSES AND SUITS ALL IN NAVY BLUE

Telling you about them is a por makeshift—The very "thing" that distinguishes them is quite undefinable. The better way is to come and see them—New of course; the wool never had such meaning before! Those of you who read the magazines devoted to dress. Know that blue is the last word in Fall and Winter styles—the most fashionable of colors. These dresses and suits are blue. You will note the skirts are full, that they are made charming, interesting and different—The mat- Serge and Crepe-de-chene.

We must mention the collars and cuffs—a sa rule they are white, and of Georgette or Organdy or Batiste. These touches give the exact quality of contrast—they are highly effective The suits are of Gaberdine, Poplin, Broadcloths and Serges. and made in models that are right in every respect—We cordially invite inspection and comparison.

LOWERS GIVEN DAMAGES AMOUNTING TO $2,750

J. G. Lowers, for land taken by the Pennsylvania Railroad company, at Elco, including an eight roomed house, has been awarded $2,750. The land taken was that appropriated for a public highway taken for right of way purpose. Lowers originally sued the railroad company, but this suit was ruled out by the court, which held that Mr. Lowers' remedy was by viewers first.

SOLDIERS GOT RELIEF FROM SORENESS

Boys on the Border Relieved Their Pains and Aches with Sloan's Liniment.

Once upon a time Norman Jones, serving in the National Guard at El Paso, returned to camp after a strenuous 15 mile hike foot-sore and leg-weary. He had not been long in active service and his shoulders, back and limbs felt the after-effects of marching. Remembering Sloan's Liniment, Jones applied it to the sore spots and went to bed. He writes: "I rose the next morning feeling fine; in fact I had entirely forgotten about the hike and went out for a four-hour drill in the sun as spry as ever."

Private Jones passed the experience along, and many a boy on the border relieved the agony of sprains, strains, bruises, insect bites, cramped muscles, rheumatic twinges, etc., by the use of Sloan's Liniment.

Easily applied without rubbing. At all druggists, 25c., 50c. and $1.00
